
	The Brakenhale School Policy	
---	---	---

Policy Title	No Smoking	Version No	1.1
---------------------	------------	-------------------	-----

Rationale	<p>The Brakenhale School and site is designated as a No Smoking Site on the grounds of health and safety and promoting positive attitudes with young people. This policy applies equally to all employees, students, parents, visitors and users of the school building and site.</p> <p>This also meets the requirements of new legislation about enclosed premises, effective 1.07.07</p>
Policy Statement	<p>The school believes it has a major role to play in promoting non-smoking. This is supported in the PSHE and Science Programmes of study in which students are educated about the dangers of smoking. Appropriate literature is displayed to support non-smoking.</p> <p>Students will be admonished using the agreed procedures if they are found to be smoking on the school premises. Where members of staff accompany students on activities off the school premises, a no-smoking policy will operate at all times whilst staff are in contact with students.</p>
